Republican Platform Wants Federal Anti-Lynching Law

Senator W. A. Winter Calls Attention to Plank Contained in Platform Adopted by Republicans in National Convention at Kansas City which Recommends Enactment of Federal Anti-Lynching Law—Law Defeated in Congress Before by Democrats Led by Pat Harrison—Writer Says Such a Statute Directed Solely against "Solid South" and Should Not Pass.

MAYOR AND COUNCIL URGE ONE-MILL RAISE

City Officials Give Reasons Why Electorate Should Support Measure to Increase General Levy—Cite Figures to Support Their Argument.

The Mayor and Board of Aldermen are submitting to our people on October 6th the proposition of adding one mill to the general fund of the city. One mill would yield about \$2250 in revenue. This necessity arises from the fact that the board previous to the present one ordered certain donations made, as follows:

To North Mississippi Fair Ass'n. (The Grenada Fair)	\$1500
To charity ward in Grenada Hospital	500
To ladies cemetery association, which includes \$25 for upkeep of old cemetery east of the railroad	325
Total	\$2325

The Board of Supervisors of Grenada county, as we understand, has made to the fair a donation of \$3,000. The fair is considered an institution deserving support and encouragement from our people. Provision for a charity ward in the hospital for the poor and afflicted unable to pay hospital fees, no one, whose soul is not dead, will deny; and the little help of \$325 given to the good women of the Ladies Cemetery Association, whose service is a tender memorial to the dead, surely could be begrudged by no one.

The General Fund is the BURDEN-BEARER for all purposes and expenses of the city, other than for those things for which special levies are made, as for schools, street improvements, etc. The board has made and published its proposed budget for the ensuing fiscal year. It has estimated all possible sources of revenue at the maximum, for the General Fund, and its necessary expenses at the minimum, and the expenses absolutely necessary exceed its probable revenue. Therefore, to pay as we go, and in order to redeem the promises made as to the donations mentioned, we are asking as a sound business authority to add the one mill levy to the general fund.

MT. NEBO SCHOOL DISTRICT ELECTION CARRIES 31-9

The election held Sept. 22, in the Mt. Nebo district, to ascertain the will of the school patrons as to whether or not they would unite in a consolidated school district and join in with the Coles Creek school of Calhoun County, carried by a vote of 31 to 9. The matter has been more or less a subject of controversy for a year or more. Attorneys appeared before the board of supervisors at the instance of some of the interested parties and the case finally went to the supreme court. One phase of it was before Circuit Judge Allen at the last term of the circuit court and the judge decided in favor of those seeking to create the district.

INSTALL POWER LINES

Holcomb, Miss.—The Mississippi Power & Light Company is installing a connection for electric power to the town of Holcomb. The Holcomb gin engine was broken this past week and the officials decided to install an electric motor. Plans were made and a conference held with the power company officials, when definite plans were made. The power company assured them of electric power by Oct. 1. Men have arrived and are busily engaged in putting the project through. Holcomb sold the light and power company franchise to the company last May.

NEW HOTEL AT GREENWOOD

Greenwood, Miss.—T. L. Densmore of Grenada, arrived in Greenwood Monday to open the new Hotel Densmore. Mr. Densmore is owner of the Grenada Hotel at Grenada, and has been connected with that hotel for 12 years.

The entire building here has been remodeled and every modern convenience in an up to date hotel has been installed. The rooms have been refurnished and repainted. The lobby has been rebuilt.

EMINENT DEMOCRATS SPEAK HERE MONDAY

Judges Paul Johnson and Stone Deavours Address Grenada Audience in Behalf of National Democratic Nominees.

On Saturday afternoon last advice was received in Grenada that Judge Stone Deavours, national Democratic committeeman for Mississippi, and Judge Paul Johnson would speak at the court house in Grenada Monday night in the interests of the ticket headed by Al Smith and Joe Robinson. Both the gentlemen were billed to speak that morning at Pittsboro, Calhoun County.

Owing to the shortness of the time, there was not a good opportunity to make the coming of these distinguished gentlemen known. The crowd that greeted them was small and rather embarrassing to Grenadians who insist so often that the citizenship of this town and county is not just like that of almost all other places in that the people are not interested in public questions and take most of the time they give to the consideration of the affairs of government to complaining rather than learning the whys and the wherefores of matters before the electorate. Then the revival meeting on at the Methodist church kept quite a number away.

Mayor W. S. P. Doty presided and very appropriately presented both the speakers. Judge Johnson has a somewhat peculiar fame in Mississippi because of the fact that he defeated Gov. Bilbo for congress in 1918. He has made a number of speeches in the interests of the Democratic ticket, but Monday night he just touched the high points of the speech he had delivered elsewhere. He mentioned Al Smith's record as Governor and what he had done for the welfare of the women and children who are without worldly goods in New York, and the splendid business administration he had given his state. Judge Johnson said that he was a member of the Methodist church, that he regarded it little less than a political crime for the ministers of his church or of any other church to assail any man as they are assailing Al Smith because of his being a Catholic. Judge Johnson stated that he was an ardent prohibitionist, that his private and public record would show that he was no make-believe in this regard. He said that he had never tasted a drop of whiskey, yet he stated that he was such a believer in the doctrine of Thomas Jefferson he thought it no political crime for one to assert views in enmity to the South. He cited many instances which in his judgment justified this view, among them was the carpet bag rule and the conferring of the ballot on the negro without any limitations. He cited different appointments made by Republican Presidents and among them was that of Minnie Cox, a negro, to be postmistress at Indianapolis. How, the judge said, in the face of all this record of trying to trample upon the South, any true Southerner could support the Republican ticket was beyond his mind to comprehend.

Both gentlemen made effective speeches. That morning they had a large crowd at Pittsboro and the response to their appeal for Democratic loyalty was splendid.

Judge Deavours followed Judge Johnson. Judge Deavours is a veteran in politics. He has a keen perception and an intimate knowledge of human nature. The judge gave the Republican party a terrific arraignment. He said that it was born of enmity to the South and that it had fed these enmities in enmity to the South. He cited many instances which in his judgment justified this view, among them was the carpet bag rule and the conferring of the ballot on the negro without any limitations. He cited different appointments made by Republican Presidents and among them was that of Minnie Cox, a negro, to be postmistress at Indianapolis. How, the judge said, in the face of all this record of trying to trample upon the South, any true Southerner could support the Republican ticket was beyond his mind to comprehend.

Grenada, Miss., Sept. 25, 1928.

Coch Happy Hathorn has built up a splendid eleven which promises to be a formidable contender in all games. Grenada should give its wholehearted support to the boys in their school activities and a large crowd of rooters should be on hand today to start them off in their first fray of the season.

Pat Harrison Writes Rev. J. W. Lee

The Sentinel has received the following copy of a letter written by Senator Pat Harrison to Rev. J. W. Lee:

I have just received a copy of your reply to the editor of The Grenada Sentinel, where you alluded to Senator Robinson as one of the "Willful Twelve". I know you do not intentionally want to misrepresent Senator Robinson's information that Senator Robinson was a member of Wilson and was not included in the "Willful Twelve". His party should be proud of him.

Sincerely yours,
(Signed) PAT HARRISON.

Minister Retracts Charge vs Robinson

Rev. J. W. Lee Admits Error and Says He Was Misinformed that Senator Robinson Leader of "Willful Twelve".

Editor Sentinel:—

I thought the source of my information about Senator Robinson being the leader of "The Willful Twelve" was reliable.

Therefore on my way up here in Kentucky I wrote what I did concerning Joe Robinson and Pat Harrison's relation to him in the present campaign.

After being here a few days a copy of The Pathfinder, a non-partisan paper, fell in my hands. I found a statement in there saying Joe Robinson favored Wilson's policies.

I immediately wrote the editor of The Pathfinder asking who composed "The Willful Twelve". I also wrote a member of congress a similar letter and also asked if Senator Robinson was the leader. I was seeking this information with a view of retracting my statements and making due apology.

Since you give the names of "The Willful Twelve" and it was not Sen. Robinson who was in the list I shall not wait to hear from the editor of The Pathfinder, but hurriedly send you my retraction and apology.

I do not think there is a man on earth who is more averse to making a misleading statement than myself.

I am sure there is no one who will more quickly and more cheerfully retract a misleading statement than myself. I was misled concerning Senator Robinson's cooperation with President Wilson. I am sorry I said what I did about it and I sincerely apologize.

It was a mistake of the head and not the heart. This correction and apology would have been made as soon as I heard from the editor of The Pathfinder even if you had made no comment whatever on what I wrote.

Most respectfully,
J. W. LEE.

ROTARY HEARS EVANGELIST

Rev. J. M. Glenn, of Young Harris, Ga., who is conducting a two weeks' revival meeting at the Methodist Church, was a guest at the luncheon of the Grenada Rotary Club Tuesday, Sept. 25. At the conclusion of the meal, the minister spoke briefly on the subject, "Religion as a Business Asset," contrasting in the course of his remarks the prosperity and wealth of the Christian nations of the world with that of the heathen countries. He said that more spiritually was needed in the business world and cited as his authority for that statement Roger Babson, noted economics statistician. The speaker showed how God prospered in a material way the peoples who honored Him and he beseeched his hearers to prepare the youth of the land spiritually and morally for carrying on the work of their fathers in after years.

Mayor W. S. P. Doty, also a guest at the luncheon, spoke briefly of the aims of the city council to the welfare of the city of Grenada and he made a strong plea in behalf of the proposed one-mill increase in taxation to be voted on by the city electorate on October 6th.

Rotarian B. C. Duncan, who has been prevented by illness from attending regularly the past several weeks, was extended an indefinite leave of absence which gives him the privilege of attending or missing any meeting of the club, relieving him of the obligation to make up his attendance for any absences he might have.

Prior to the luncheon Rev. R. W. Emerson led the club singing and sang two solos, accompanied by the piano by Miss Katherine Lufkin. Mr. E. M. Sharp, the singer at the Methodist revival, a guest, sang a solo just before adjournment, also to an accompaniment by Miss Lufkin.

The president, A. M. Carothers, read a telegram from Birney Innes, district governor, congratulating the club on its 100th meeting this month.

Interest Growing In Church Revival

Dr. J. M. Glenn, Preacher, Has Made Splendid Impression and Has Shown Nothing Spectacular in His Sermons.

The revival meeting announced in these columns to begin at the Methodist church last Sunday is well under way.

Dr. J. M. Glenn, of Young Harris, Georgia, is doing the preaching. Dr. Glenn served in the pastorate in both Alabama and Georgia and was for some years a presiding elder. He has the bearing of a minister. He makes the impression by personal contact of one consecrated to his work and as a believer in the efficacy of pure and undefiled religion. His sermons bear the earmarks of one who has given them much thought and that they are intended for the soul arousing and soul uplift of men and women. He has shown nothing of the spectacular and stunt playing evangelist who, many think, has "performed" in pulpits to the hurt of the church.

It has seemed to be the plan of the preacher to lay before his congregations the thought, the necessity, of thinking more about God and of doing more and more in accordance with God's will. His theme on several occasions has been "Soul culture". Important in soul culture, he has emphasized, is prayer. The minister urged that there could be no growth in grace without constantly communing with God and he tried to show that just talking out loud to God was not always prayer; that real praying meant a forgetfulness of self and an earnest yearning to help some one else or some holy aim or purpose. He talked of prayer in the home and of what it meant to childhood for them to see their father and mother petitioning to God about their daily problems and what was necessary to properly train and rear their children.

In his sermon Tuesday night he discussed the time that the devil was cast out of heaven because of his trying to usurp the throne of God. The devil and his cohorts were eternally banished from the Holy City because of their unholiness and unholy efforts. He said that the devil was still swearing vengeance against God and that as this demon could not reach God, he was trying to wreak vengeance on God's children. He said that there was nothing the devil would not do to which he thought would displease God. This was the reason that Satan is referred to as a beast going up and down the earth, he said, seeking whom he might devour. The minister placed the devil at the bottom of every murder, every sin and everything that shocked the better natures of good men and women. He said that the devil brought on storms and cyclones in many instances, and cited as proof of his statement the vengeance he wreaked on Job. He said that when these cyclones and other death taking calamities came people sometimes wondered why God should have sent them; this, he said, was just what the devil wanted, he wanted people to blame God. The minister tried to get over to his hearers the great importance of realizing that the good is at work at all times to harass and annoy people, to get them to travel in unrighteous paths and to do those things which they know in their heart of hearts God condemns. He urged people to watch and pray.

Wednesday night his subject was, "The meanest man in town". This is a thrice told theme, nevertheless it is one that is calculated to grip men and to cause them to take an inventory of how they are living and how they are acting towards God and their families, their friends and their neighbors.

The night services are well attended and interest will no doubt grow in the meeting. The morning services have about the usual number that are expected. The merchants are just on the threshold of their busiest season and it happens that nearly everybody needs to give personal attention to their daily routine, hence it is impossible for them to get the benefit of the morning services.

The meeting will continue through next week.

COTTON REPORT

There were 791 bales of cotton, counting round as half bales, ginned in Grenada County, from the crop of 1928 prior to September 16, 1928, as compared with 897 bales ginned to September 16, 1927.

Great Program Is Promised For North Mississippi Fair

Greater Premiums Offered in Different Departments. Smith-Hughes Schools and 4-H Club Shows Are New Features—Girl Scouts to Be on Duty—Baby Show Thursday and Friday—State Forest Service Has Exhibit to Command Attention—Murphy Shows on Midway and Free Vaudeville Acts, with Robinson's Revue, Complete Exceptional Amusement Program.

October 8, 1928, ten days away, is the curtain raising day for the North Mississippi Fair at Grenada. Five more big days will follow. John Borden, president of the fair association, will be in Grenada in person for the event.

The North Mississippi Fair has become an institution, not just an event, and plans have been carried through that are making it a more forceful power for development in Mississippi. There has been a complete revision of the annual premium list this year. New classes have been created, and additional money added in view of making the exhibits more clearly reflect the resources and possibilities of the Magnolia state. The entertainment to be offered this year will far excel previous years, exhibits are more comprehensive and attractions more numerous.

The North Mississippi Fair is striving to show the people of this and other states that Mississippi is destined to become one of the outstanding agricultural and industrial states of the nation, to show them that her potential possibilities are unexcelled and that her own people are taking the lead and inviting others to come in and join in her prosperity, growth and development.

S. M. Cain, secretary, will have supervision and control of all exhibits and exhibitions for the fair, whether in the buildings, arena, grounds or track. Mr. Cain has held this position for a number of years and has done much to make each fair excel the one of the year before.

The fair officials have for the first time recognized the Smith-Hughes vocational agricultural departments of the Grenada district as an agency to participate in the fair this year. This work has grown to such proportions that the thirty agricultural college graduates, especially trained in their field of work, feel that they, as a special group, will be in a position to put on creditable exhibits and demonstrations at the fair. The teachers believe that they will be able to offer a program that will aid the fair authorities in carrying on the wonderful program that they have started.

The first 4-H calf club shows ever held in Mississippi will be held at Grenada and Tupelo this year. Mississippi will be represented at the National Dairy Show by five teams of five calves each selected at the North Mississippi fair at Grenada.

The Grenada Girl Scouts will have headquarters in the club building and will be glad to render any service needed. Visit their booth and see the girl scouts in action. Their assistance in many ways will prove helpful indeed if taken advantage of. Taking care of lost children will be one of their greatest services and parents should report to them at once when children stray away.

On Thursday and Friday mornings from eight to twelve o'clock, in the lower floor of the grand stand, will be held the better babies show. The show will be conducted under the auspices of the Mississippi State Board of Health and a public health specialist nurse will be there to assist Dr. F. S. Hill, of Grenada, baby specialist, in conducting the examinations. This is a wonderful time and opportunity for mothers to learn what, if anything, is wrong with their baby's health. The fair association urges all mothers in the fair district to enter their babies between the ages of one to four years in the better babies show.

Boys' and girls' pure bred calf 4-H shows, poultry shows, ladies' department exhibits, community organization prizes and trips, the colored department and many other exhibits, shows and departments are stronger, bigger and better this year than ever before. There will be food for thought for the people of north Mississippi in the exhibit to be shown at the fair by the State Forest Service. There has been an erroneous opinion in many quarters, says D. E. Lauderdale, extension forester, who has prepared the exhibit, that the most important timber section of the state is in south Mississippi. Describing the present situation Mr. Lauderdale, who stopped off at Grenada on Tuesday to look over his booth at the fair grounds, said: "The woodlands of north and central Mississippi are today in much better condition than those of the southern part of the state. There is more old second growth, both pine and hardwoods, which will soon be ready to cut. There is something to work with here which, if protected from fire and carefully managed, can be fostered with a view to making our wood-using industries permanent. What we especially wish to aim for is the establishment of more manufacturing industries using wood as a raw material."

There were 791 bales of cotton, counting round as half bales, ginned in Grenada County, from the crop of 1928 prior to September 16, 1928, as compared with 897 bales ginned to September 16, 1927.

LADIES PLEDGE FAITH AS TRUE DEMOCRATS

Mass Meeting of Grenada County Ladies Saturday, Sept. 22, Results in Enthusiastic Organization—Mrs. S. A. Morrison Made Chairman.

One of the most enthusiastic Democratic organizations yet to be formed in this part of the state was initiated last Saturday afternoon at a mass meeting of the ladies of Grenada county held at the court house in Grenada. There were fifty or more loyal Democratic women present, each of whom enrolled her name in the club and many of whom made cash donations to the Democratic campaign fund.

The gathering was called to order by Mrs. W. H. Whitaker who made some very appropriate remarks in calling attention to the purposes of the organization.

Mrs. S. C. Mims, Sr., was unanimously named honorary chairman of the organization and Mrs. S. A. Morrison was the unanimous choice for active chairman. Mrs. Morrison's address was pronounced by many as a masterpiece of Democratic oratory. She effectively answered those who are opposed to the Democratic nominee for president because he is a Catholic by calling attention to Hoover's Quaker religion which does not countenance war for any cause whatever. She called attention to the Catholics of history who have done so much for this country. Lafayette, Rochambeau, Marshal Foch, commander of the allied armies during the world war, and to Charles O'Connor, the Catholic lawyer of New York and a Tammanyite, who defended Jefferson Davis without fee when the Confederate president was languishing in chains in Fortress Monroe. Mrs. Morrison stressed the duty of southern women to rally to the party of their fathers, the party which has stood for the years for those things so dear to every true southerner.

Following the chairman's speech, Hon. W. S. P. Doty, chairman of the Grenada County Smith-Robinson Club, spoke for some minutes. He praised the ladies most highly for their interest in preserving in Mississippi the integrity of the Democratic faith and he urged them to leave no stone unturned to see that Mississippi polls the greatest vote in its history at the general election in November.

The following resolution was unanimously adopted by the organization: "Resolved, that we, the Democrats of Grenada County, Mississippi, in mass meeting assembled, stand unqualifiedly for the election of Smith and Robinson and all nominees of the Democratic party, and for the principles and policies of said party as our priceless, political heritage bequeathed to us in pure patriotism and essentially in self defense for the preservation of white supremacy in the South."

Mrs. W. H. Whitaker was made vice-chairman and Mrs. R. F. Matthews, secretary, of the organization which adjourned subject to call.

LADIES URGED TO HAVE EXHIBITS READY FOR FAIR

The superintendent and the secretary of the woman's department of the North Mississippi Fair, Mrs. Lafayette Atkinson and Mrs. Overton Pearson, will be at the woman's building at the fairgrounds Saturday afternoon, Oct. 6th, from 2 o'clock on. They request that the ladies who expect to have exhibits in this department have their displays reach the building on that date so that everything in the department will be in readiness for the opening of the fair Monday morning, Oct. 8th. Those who have plants to go to the woman's building, may secure a truck to haul them by getting in touch with either Mrs. Atkinson or Mrs. Pearson.

KING'S DAUGHTERS WILL RESUME USUAL MEETINGS

The Grenada circle of the King's Daughters will resume regular meetings next Tuesday, Oct. 2, at 4 o'clock p. m. in the ladies' rest room. The Bible lesson for the meeting is the second chapter of Acts. Besides some special business to come before the circle a report will be made of the work done during the past three months. Officials of the circle feel that all members should be interested in what is being done by their circle and that they should attend the meeting.

"AGAINST HIM BECAUSE HE IS NOT FOR PROHIBITION"

It is no uncommon thing to hear those who say they are against Al Smith state that "I am against him because he is not for prohibition". While we think perhaps a few are sincere in this statement, we are persuaded that most of them are camouflaging and that the real reason is because Smith is a member of the Catholic church.

Just in this connection, we think that many of the clergymen (and by the way the "againsters" are confined almost wholly to the Methodist and the Baptist churches) are deceiving themselves into believing that they are the keepers of the Ark of the Covenant of prohibition and that they are the Goliaths of the prohibition cause. We would not deny to these good men the noble and patriotic part they played in the contest for prohibition, but there were others, yea many others. But for the work of the laymen and most of the newspapers, the realization of prohibition would have been long deferred.

There is nothing good that can be said about the whiskey traffic. The saloon was the womb of iniquity and the breeding place for all sorts of crime and debauchery. It stuck its ungodly nose into every public issue and never failed to try to control the election of public officials. Nobody with a grain of common sense and with any regard for posterity would have the saloon back. But despite the fact that the trail of the serpent is over the saloon's record men are still drinking whiskey. They are drinking in Grenada. They are drinking in every town, city and neighborhood in the country. This dangerous beast is now loose and roaming around seeking whom it may devour and it does seem to us that there should be some practical way for the government to take hold of the problem and dispense intoxicants under such regulations and restrictions as the best citizenship of the land may determine. This is Al Smith's idea.

There can be no denying that ministers in different parts of the country are assailing Smith because of his religion. A correspondent of the current issue of Collier's Weekly tells of his very recent experience in attending a revival meeting in Alabama and of hearing more than one preacher trounce Al Smith because he is a Catholic. Bad!

We are not making these observations in the interests of Al Smith, but in the interests of the whole country and in the name of Thomas Jefferson and other founders of this Republic who thought that they were founding a government in fact as well as in name where one's adherence to any particular church should not be a bar to his preferment to public office. It would be equally un-Christ-like to assail Herbert Hoover because of his church allegiance. Mr. Hoover in his acceptance speech registered a protest against religious intolerance.

DENY FIGHTING SMITH ON HIS RELIGION.

Many of those who are opposing Al Smith deny that there is any fight against him because of his religion, and yet certain papers carry headlines reading like this: "Smith's candidacy first move of Pope to set up clerical party in the United States"; "Dry Protestants against Tammany"; "Roman Catholic prison per cent"; "What master minds say of Roman Catholicism" and divers other headlines and articles of similar import.

We grant that there are some—just a few—sincere minded persons who oppose Smith because he is a Catholic and who are honest in their convictions. Nevertheless, it is worse than a pity that one American citizen in this, the 20th century, should distrust another because of his religious affiliations and when he believes in the same Christ and His atoning blood that he does. The Catholic church is older than the Methodist, Baptist and Presbyterian churches and some claim older than the Episcopal church.

Al Smith has shown that he never lets his church interfere with a proper discharge of his official duties. He has shown that in making appointments he has named twice as many Protestants as Catholics.

Al Smith is an American Catholic. The Pope of Rome cannot, and does not, dominate the government of his own country, Italy. In America where Protestants are more than 5 to 1, surely there can be no danger, even were it desired or attempted, of Catholic domination.

The truth of the whole business, in our judgment, is that Ku Klux leaders have found it profitable to stir the smoldering embers of religious prejudice. The leaders of the Klan extract the filthy lucre from the pockets of the man down the line and then snigger in their sleeves about how easy the job is done.

There was no quibbling about not fighting in the World War side by side with the Catholics. We knew no church then. Nobody stopped to inquire of the Catholic about the Pope and the hobgoblins that the want of knowledge and information stirs in some minds about Catholicism. The Catholics acted the part of loyal, true unadulterated sons of this great Republic during the trying days of the war. If they could be trusted on the battlefield, is it fair, is it just, is it true Americanism not to be willing to trust them in times of peace? If a Catholic keeps faith with our country amid the roar of gun and cannon and when his comrades are dropping dead all around him, can he not be trusted to keep faith as an officer? We think so.

WE WILL WAGER.

We wager that 99 per cent of those in Mississippi who are kicking up so much dust about Al Smith never contributed as much as a dollar to any national campaign and that 90 per cent of them never contributed anything at all. We wager further that 90 per cent of them were never interested enough in the campaign of any candidate to contribute even 15 cents. They are making themselves exceedingly valuable now but are as silent as the tomb when a distress signal is out. They can talk but they always ride on a free ticket.

BILBO MAKES CAPITAL AL SMITH SPEECH.

While there has been no representative of The Sentinel who has heard Gov. Bilbo in his tour of Mississippi in which he has been campaigning for some of his "program", many who have heard the Governor and who have never been his partisans state that that part of his speech dealing with party loyalty and the duty of Mississippi Democrats to support Al Smith and Joe Robinson has been exceptionally fine, extraordinarily good. In fact it is said that the Governor's Al Smith plea would be effective in any part of the country. The Governor is to be commended for his positive stand for the candidates of the party, especially at a time when there is an unusual number of good people who are mistaking prejudice for piety, and who would barter the livery of their party for one look at a thing that exists only in the imagination, prohibition. The Governor hit 'em hard. Good for Theodore.

GLAD TO SEE SPEAKER URGING ECONOMY.

We are glad to see that Speaker Tom Bailey is urging legislative economy. We are rather inclined to think that our friend is rather tardy in this particular. His statement made at Meridian a few days ago reminds us of the man who placed a lock on his stable door after his horse had been stolen. Had a stricter check been kept on appropriations for the past eight years, the state would not today be confronted with a most embarrassing situation. Everybody, it seems, is ready to vote away public money. The demand has been so insistent for public funds that the one who urges care and caution in this regard is characterized as a "non-progressive".

We observe that the joint legislative committee has tentatively agreed on a revenue raising plan, and among the things listed to be taxed is intrastate railroad passenger tickets. Travel is already high and whatever is added tends to increase the cost to the traveling public. However this may be one of the easiest routes out of a legislative hole.

ROOSEVELT ON VOTING AGAINST ONE BECAUSE OF HIS CHURCH.

In 1908, when President, now Chief Justice, Taft, was a candidate for President, it was urged against him in some quarters that he was much in sympathy with the Catholic church. The church issue in some sections became quite intense. Mr. Taft was and is a Unitarian. In answer to the assaults on Mr. Taft because of what

was said about him and the Catholics, Mr. Roosevelt wrote J. C. Martin of Dayton, Ohio, as follows:

"You say that the mass of the voters that are not Catholics will not support a man for any office, especially for President of the United States, who is a Roman Catholic. I believe that when you say this you foully slander your fellow countrymen. I do not for one moment believe that the mass of our fellow citizens, or any considerable number of our fellow citizens, can be influenced by such narrow bigotry as to refuse to vote for any thoroughly upright and fit man because he happens to have a particular religious creed. Such a consideration should never be treated as a reason for either supporting or opposing a candidate for political office."

WHEN EVERYBODY WELCOMED CATHOLICS.

When LaFayette came from France and brought five thousand soldiers who belonged to the Catholic church and said to George Washington that he was ready to fight the cause of the American Revolution side by side with him, everybody welcomed the Catholics then.

When Count Pulaski and Rochambeau came from across the ocean and went into the battle lines with Washington's troops, nobody uttered any protest against the Catholics then.

When the World War came on, there were 400,000 American Catholic soldiers to stand side by side with Methodists, Baptists and other Protestant soldiers, and if there was a single soldier to protest against using the Catholics then or if there was any charge of Catholic disloyalty, nobody heard of it then. The soldiers of France were practically all Catholics. Gen. Foch, the commander of the allied armies, was a Catholic. The whole world said he made good. Gen. Pershing said so.

THE LEGISLATURE SHOULD DO QUICK WORK.

The legislature, which is to convene in extraordinary session next Monday, should pass a practical revenue raising law, a law providing for permanent road building, the expense of which should be borne by an increase in the gasoline tax, and then administer a sleeping potion to the proposed print plant law, and come home.

When Andrew Jackson was the Democratic candidate for President, his political enemies called him "a usurper, an adulterer, a cock-fighter, a brawler and a drunkard". There was but little else that could have been said about Andy, but he was elected.

Worried A Lot

"I took Cardui at intervals for three years, and have been in good health since last fall," says Mrs. Noble J. Hayes, of Waterloo, S. C. "My improvement after taking a course of this medicine was really remarkable."

"I am much stronger and can accomplish so much more work now. My weight increased twenty pounds, and my color is good."

"For a long time I had been feeling poorly. Some days I dragged around the house and had not enough energy to do my housework."

"I worried a lot about myself. I did not seem like myself, and my nerves were all on edge. I did not sleep well, and my appetite left me."

"I found Cardui to be an excellent tonic. After I had taken it a few weeks, I began to pick up and to gain in weight and strength."

BRILLIANT COAL

Leaves No
Clinkers

There's not a clinker in a carload of Brilliant coal. It burns to a finish—never smothers into a cloggy mass which clogs the fire, checks the heat and causes constant trouble.

Only
2% Ash

Ashes are waste! Ordinary coal has 15% ash. That means that out of every dollar that you spend for ordinary coal, 15 cents goes into your ash can. Brilliant coal is 98% pure heat and leaves less ash than practically any coal produced.

Ignites
Quickly

Just a few sticks of kindling—the scratch of a match—and your Brilliant Coal is sending up dancing darts of flame that light the distant corners of your rooms with a friendly, radiant glow. Every pound has 15,000 heat units!

Least Breakage
Largest Ton
Most Heat

BRILLIANT COAL IS CLEAN AND HARD—WON'T crumble or powder in delivery or handling. SEVEN TONS OF BRILLIANT COAL EQUAL EIGHT of ordinary coal in weight because Brilliant is a light coal. FOUR TONS OF BRILLIANT COAL GIVE AS MUCH heat as five of ordinary coal because each ton of Brilliant has 15,000 heat units. Regardless of the type of your heating plant—grate, furnace, stove or Arcola—Brilliant Coal is sized to suit—lump, egg or nut. Now for another Brilliant season!

SUNDAY SCHOOL LESSON

By Rev. P. B. Fitzwater, D. D. Dean, Moody Bible Institute of Chicago (© 1928, Western Newspaper Union.)

Lesson for September 30

PAUL THE MISSIONARY

GOLDEN TEXT—Christ liveth in me.—Galatians 2:20. PRIMARY TOPIC—Stories of Paul. JUNIOR TOPIC—Paul, the Brave Missionary. INTERMEDIATE AND SENIOR TOPIC—Paul in the Danianes. YOUNG PEOPLE AND ADULT TOPIC—"In Labors More Abundant."

In the review of this quarter's lessons, a good opportunity is given for character study. The interests of the quarter's lessons center in Paul, Stephen, Barnabas, John Mark, Luke, Timothy, James and Amnias. Assignments should be made a week in advance for the preparation of brief essays by the pupils.

Another method would be to lift out the principles contained in the lessons of the quarter and apply them to the important problems of the day. The following suggestions are offered:

Paul's Ideas: Education; Evidence of genuine Conversion; What is a True Christian? What is the Real Missionary Spirit? Who Should Go as Missionaries? Should Religious Differences Be Compromised? If so, How Far? How to Be Assured of Divine Leading.

Perhaps the most satisfactory method for adults is to summarize the facts and state the leading lessons. The following suggestions are offered:

Lesson for July 1. Paul, by birth and education, had much to be proud of. A godly ancestry and a true education ought to be the heritage of every child.

Lesson for July 8. While Stephen ministered in the benevolence of the church he testified of Christ and met with violent opposition. The ringleader in this opposition was Paul. A man may be conscientious and wrong.

Lesson for July 15. Paul in unbelief zealously persecuted the church, even consenting to the death of Stephen. When his eyes were opened by the appearance of Jesus Christ, on the road to Damascus he was transformed into a zealous witness for Christ.

Lesson for July 22. The sight which Paul had of Christ was so real that he at once testified of His deity and saving power.

Lesson for July 29. Paul and Barnabas were sent forth by the Holy Ghost to preach the gospel to the Gentiles. They were opposed by Elymas, the sorcerer. Spirit-filled men will most surely meet with opposition.

Lesson for August 5. The preaching of Barnabas and Saul was accompanied with such wonderful signs that the people attempted to worship them as gods. The same people soon were moved to stone them. Despite this horrible treatment Barnabas and Saul carried on their work.

Lesson for August 12. The question of the grounds upon which Gentiles were to be received was bitterly debated. Paul preached that it was to be by faith alone. Certain Judaizing teachers taught that faith was to be supplemented by the works of the law.

Lesson for August 19. Paul was forbidden to preach in Asia; then called to preach in Europe. Divine guidance is just as really shown in closed doors as in open doors.

Lesson for August 26. When Paul's missionary work interfered with the unlawful gain of certain men at Philippi, he and Silas were sent to jail. Through their miraculous deliverance and their testimony of the saving power of Christ, the jailer was converted.

Lesson for September 2. Wicked Jews followed Paul to Thessalonica and Berea. They stirred up the people to sue, an extent that he had to flee. Wherever he went his ministry was accompanied by supernatural signs so as to convince the Gentiles.

Lesson for September 9. Paul preached the gospel in Corinth with such power that many were saved. The gospel is the power of God unto salvation.

Lesson for September 16. The church was threatened with disruption through party spirit. The right conception of the gospel, Christian ministers and persons constituting the church, will cure sectarianism.

Lesson for September 23. The Christian should abstain from that which might cause his brother to stumble.

MOTHER OF 10 NOW WELL AND HAPPY

"I'll Praise Sargon As Long As I Live", Says Mrs. Flora Williams.

"I am the mother of ten children and every mother knows what it means to be sick when you have housework and cooking and children to look after. If anyone needs good health all the time it's a mother.

"About two years ago I began to lose my health. I had awful pains in my side and back that hardly ever left me and was bothered with stomach trouble, constipation and indigestion. Before I started taking Sargon my condition got so bad I could hardly get a good night's rest. I lost my appetite and no matter how little I would eat, it caused gas and indigestion. I simply had to drag myself around the house and most every day I would feel like I just had to give up. My husband read about Sargon in the paper and he insisted that I give it a trial. We had spent a great deal of money on other medicines, but none of them helped me.

"I have just finished my second bottle of Sargon and my first bottle of the Pills and the results have been so wonderful I don't feel like the same person. I now have a fine appetite and can eat anything without a sign of indigestion. My sleep is sound and I get up in the mornings feeling rested and refreshed. Thanks to the Pills, I am no longer constipated. Those terrible pains in my back and sides have all disappeared. I've been wonderfully strengthened and helped in every way. I will praise Sargon as long as I live. I felt so grateful for what it did for me that I sat down and wrote a letter to the Sargon man in Kansas City telling him all about my case.

"I want every mother suffering like I did to try Sargon and Sargon Pills. I know it will help them."

The above statement was made by Mrs. Flora Williams, who resides at 5933 Cypress Street, Kansas City, Mo. They own their home and are highly respected by all who know them.

Sargon may be obtained in Grenada from Corner Drug Store.

The School

For the promotion and advancement of the cause of education there is an effort being made by the principal and faculty of the city school (col.) to organize the community and school children for a concerted drive to improve present conditions. The Parent Teachers Association had their first meeting last Friday evening and completed their organization and have arranged to have two meetings per month. They are to make a canvass of the town for the purpose of trying to get the children who are out of school to come to school. It is evident that less than one half of the children of school age are now in attendance. The faculty, with the assistance of the P. T. A., will visit the homes of these children with the intention of trying to have them come to school. The teachers in the grades are organizing their grades for team work in assisting in the betterment of facilities much needed in and around the school campus. Prof. A. M. Rodgers is much pleased that everything pertaining to the school is moving on so smoothly at so early a stage in the beginning.

The 9th grade organized into a society for the purpose of rendering service to the school. The officers are as follows: John Hall, president, Maggie C. Leonard, vice president, Daisy Lee Smith, secretary, Harry Mae Summerfield, assistant secretary, Archie Spencer Blake, treasurer, Helen F. Statham, chairman of "The Program Committee", Flora McLain, chairman of "The Lookout Committee", Bessie Hardman, chaplain. This society is called "The Spartan's Society".

A. M. Rodgers, Principal.

Daisy Lee Smith, Secretary.

The seventh grade of the Grenada Colored High School has organized into a society known as the Booker T. Washington Club. The officers are as follows: Edward Russell Hudson, president, Otis Sykes, vice president, Doreen Dunn, secretary, Tom Henry Smith, assistant secretary, Lillie McKinley, treasurer, Minnie L. Steppney, program committee, Maggie Jackson, Lookout committee, Beulah McClain, chaplain, Mrs. W. F. Wilson, teacher.

Miss Clyde Golden left for Memphis, Tenn., Sunday evening where she goes to take up clerical work in the office of a practicing physician of that city.

There occurred an auto accident near New Springs Sunday afternoon. Mrs. A. S. Blake, her little son, Archie, and her sister, Mrs. Westbrooks, Mrs. W. E. Barnes and Rev. Hall who was driving. They were returning from Yazoo City where they had been attending a missionary meeting. Mrs. Westbrooks was the worst injured as the car skidded over the embankment. The cause was attributed to loose gravel. They are all improving from their injuries and fright.

The senior class of the Grenada High School, (colored) has organized itself into an "Athenian Club". The purpose of this club is to help in the betterment of school and community. Its officers are as follows: President, Dave Blanch; Vice president, Lou Ellen Brown; Secretary, Eliza McFarland; Asst. Secretary, Viola Eskridge; Treasurer, Lloyd McLendon; chaplain, Allie E. Taylor; Chairman of program committee, Erett Lott; chairman of lookout committee, Mabel Lott. This club will render its first program in the high school auditorium Friday, Sept. 28, 1928 at 2:15 p. m. Everybody is invited. No admission fee will be charged.

NOEL WHITE, Chairman Democratic Executive Committee. Jackson, Miss., Sept. 20, 1928.

REPUBLICAN PLATFORM WANTS FEDERAL ANTI-LYNCHING LAW

(Continued from page 1) the two races in the South, and it is better for all concerned, for the people and officials of the several states to find a solution for this troublesome local problem that may arise, without any outside interference.

I recognize the sovereign right of every qualified elector in this country to vote in a general election for men and measures, as his or her conscience and judgment may dictate.

But when southern Democrats renounce their allegiance to the Democratic party by voting for Hoover and Curtis, they are helping to elect a president and vice president who stand pledged to the enactment of a Federal anti-lynching law, which in viciousness ranks next to the infamous Force bill, which a Republican congress tried several years ago to pass, and which failed to pass because Senator Stewart, Republican Senator from Nevada, voted against it. (Stewart's wife was a daughter of Governor Henry S. Foote, of Mississippi. So strong and enduring was her love for Mississippi, her native state, that she would not let Senator Stewart vote for a law, intended as a punishment for the South).

The surest way to prevent the enactment of such iniquitous measures as the anti-lynching bill and the Force bill, is to elect those loyal and faithful Democratic statesmen, Governor Alfred E. Smith, and Senator Joe T. Robinson, our chosen leaders and party standard bearers.

This year, for the first time since the war ended between the North and South, a great national Democratic convention assembled in a city of the "deep South", nominated for the office of vice president a native son and resident citizen of a southern state. Sectional lines have been happily obliterated, and the just claims of the Democratic South to a rightful share in the responsibility of governing this great country of ours have at last been recognized by the Democratic party.

And yet we see the Republican party making desperate and determined efforts to break the "Solid South". They have formed a strong organization here in our own rock-ribbed Democratic state of Mississippi, but the loyal Democrats of Mississippi are determined that "they shall not pass".

Mr. Editor, we Democrats believe that those good men and women who have renounced their allegiance to the Democratic party and are working for the election of Hoover and Curtis, because of Gov. Smith's Catholic faith or because of his views on prohibition modification or because of Tammany Hall, are honestly mistaken in their conclusions.

A careful examination of our system of government, of the checks and balances, provided in

the Federal Constitution, and a fair, impartial and unprejudicial consideration of Gov. Smith's constructive and progressive record as Governor of the great empire state of New York for eight years, of his unquestioned integrity, ability, patriotism and statesmanship, should convince reasonable men and women that there will be no danger of Catholic domination or interference in any department of our government or over our foreign policies nor any undue influence on the part of Tammany Hall, nor any danger of the modification or repeal of the prohibition laws in event of a Democratic victory next November.

We Democrats believe that when the Smith-Robinson administration comes into power next March, we shall witness a more effective enforcement of the federal prohibition laws; that we shall see enacted some substantial and effective measure of justice for a depressed agriculture; that business and industry and organized labor will all receive a square deal; that the idle power, that has been going to waste at Muscle Shoals during the last eight years of Republican rule, will be harnessed and that the farmers will be buying cheaper nitrates for their impoverished soils, and the surplus power will be turning the wheels of great factories here in Mississippi.

If any of our young ladies and young men, voting this year for the first time should honor me by reading this, I should like to say to them that they will be cordially welcomed into the ranks of the Democratic party, the party of Thomas Jefferson and of Woodrow Wilson, the party that has saved and preserved the white man's civilization in our historic and beautiful Southland, the party that holds for our country the hope of a better day, and the bright promise of a more glorious destiny.

W. A. WINTER. Grenada, Miss., Sept. 24, 1928.

Additional Locals

We had the pleasure of meeting last Saturday Mr. O. F. Lawrence, owner of The Grenada (Miss.) Sentinel, and also postmaster of the city of Grenada. The paper is entirely operated by his son, Mr. G. M. Lawrence, and it is an excellent newspaper. We found Mr. Lawrence a genial, wholesome gentleman, and it was a pleasure to have met him. Mr. Lawrence drove here in his car, accompanied by his wife and daughter, Miss Heard Lawrence, who has accepted a position as teacher of Latin and French in the East Carroll high school—Lake Providence, La. Banner Democrat.

The social season at Grenada College was inaugurated Friday evening when the Student Council and the Y. W. C. A. gave a reception for the new girls to meet the faculty. The receiving line, consisting of Miss Mary Miller Murray, president of student government, Miss Catherine Cole, president of Y. W. C. A., Dr. and Mrs. J. R. Countiss, Rev. and Mrs. E. S. Lewis, Rev. and Mrs. J. H. Holder, and the members of the faculty, stood in the parlors of the administration building. Each new girl was escorted by her "big sister" and presented. The first floor of the administration building was beautifully decorated with ferns and cut flowers. Miss Mary Charlotte Clarke and Miss Mildred Townsend served punch to the guests as they came from the receiving line.

Mrs. Wm. C. McLean, accompanied by her son, Russell, left Wednesday for Jackson where Mrs. McLean will visit for several weeks in the home of her son and daughter, Mr. and Mrs. W. C. Trotter. Russell expected to proceed from Jackson in his automobile to Florida. It is gratifying to Grenadians to know that Mrs. McLean expects to make Grenada her home. She intends to spend the greater part of the coming winter visiting relatives at different places which will take her to Florida after Christmas.

Rev. LeRoy Sellers of Carroll County passed through Grenada Wednesday enroute to the Baptist Association which convened that day at Pleasant Grove church. Mr. Sellers is one of those men who has had to meet many adversities, but he has struggled on and now deserves to hold a high place in the esteem of the Baptist church. He is worthy of high esteem and is a thoroughly consecrated man. He is a regular reader of The Sentinel.

His friends are delighted to know that Mr. S. M. Powell, who recently underwent an operation in Grenada Hospital, is able to be out and that he appears to be regaining his strength rapidly.

Some of the girls were called on for impromptu stunts and performances. At the close of the evening ice cream cones and peanuts were served.

THE WORLD HAS A NEW AND FINER MOTOR CAR

* An Goebel won the Dole Race from San Francisco to Hawaii, then he hung up a new record for a Coast to Coast continuous flight, with a twin ignition, high compression, valve-in-head motor. And then he bought a new Nash "400," to get the same kind of performance from his motor car.

Special Six "400" Sedan
\$1345 f. o. b. factory

It was a Twin-Ignition Motor

that carried Lindbergh over the Atlantic, Goebel * over the Pacific, Byrd over the Pole!

In history-making flights Lindbergh, Byrd, Goebel* and a host of others have established dramatically and conclusively the superiority and reliability of twin ignition, high compression, valve-in-head motor performance.

And all three principles are combined in the great new Nash Twin Ignition Motor which powers every Nash "400" Special and Advanced Six model.

The Nash Twin Ignition Motor, with two ignition coils instead of one, two

spark plugs (airplane type) to each cylinder instead of one, 360 sparks a second instead of 180, at top speed, burns the highly compressed gases more thoroughly and economically.

The result is more power from less gasoline, and ordinary gasoline at that. No special, high priced fuels are required for the Twin Ignition Motor.

Once you drive the great new Nash "400," you are certain never to be contented with the performance of older types of motors.

LECTURE POSTPONED 'TIL SUNDAY NIGHT, OCT. 14TH

The lecture advertised to be given by Bela Mark last Friday night in the school auditorium has been postponed until the second Sunday night in October, October 14, when it will be delivered at a union service of Grenada churches to be held in the college auditorium. Mr. Mark's subject is to be "Life as a Business Proposition" and those who have read it pronounce it a wonderful piece of work.

The Sentinel feels safe in saying that those who hear Mr. Mark when he lectures at the college will be more than repaid.

COUNTY BAPTIST ASS'N AT PLEASANT GROVE

The Grenada County Baptist Association convened in annual session with the Pleasant Grove church on Wednesday, Sept. 26th. Dr. W. E. Farr, pastor of the Grenada church, was elected moderator, R. E. Perry, clerk and W. H. Martin, treasurer.

All the churches in the association were represented by delegates or letters, except Bethel and Hill Side. The letters showed that most of the churches were in a prosperous condition financially and were doing a great work for the Master's cause. The association will convene next year with the Hebron church, three miles east of Grenada.

The discussions showed that every phase of the church work was being given attention.

A splendid dinner was prepared and spread near the church under the shade of the trees by the noble ladies of Pleasant Grove community, who are noted for their hospitality and Christian spirit.

This was said to be one of the best associations held in the county in recent years.

The people of the community gave the association a generous welcome. Church meetings are all intended to be uplifting and, regardless of one's viewpoint, it would be rather difficult for one to sit even for a few hours with those who are trying to look after the spiritual life of men and women without receiving an uplift that will help them in their daily tasks.

The Sentinel learns from some of the laymen in attendance that the minister who preached the sermon for the occasion shot some sharp arrows at Al Smith and that two others, also not well known in Grenada, made known their opposition to Smith's election to the presidency, one going so far as to state that Smith frequently had at the Governor's office in New York a negro woman at one end of his desk while a white woman sat at the other end. None of the laymen, it is stated, had anything to say about the national election.

RYALS LEADS SHOOTERS

Drops Only 7 Targets in 150 at Shoot Here Friday.

S. C. Ryals, of Hollandale, winner of the state championship in the annual Mississippi state trapshoot held here last year, was high gun on all targets at the shoot of the Grenada Gun Club last Friday. In the singles shooting Ryals' score was 98x100 and in the doubles 45x50, giving him a total of 143x150. The cash prize for leading the field went to him. Jimmie Shaw, with a score of 95x100 in the singles and 43x50 in the doubles was runner up. A number of shooters from out of town were here for what was described as the last and best shoot of the local season. Some excellent scores were made and quite a few participated in the money prizes.

MASONS HAVE REUNION AT GRENADA TEMPLE

The chapters of Royal Arch Masons and councils of Royal and Select Masters within a radius of 50 miles of Grenada, under the supervision of Grand Lecturer Wm. H. Carter, of Columbus, held a reunion in the Grenada Masonic Temple Wednesday and Thursday, Sept. 26th and 27th. The reunion was held under the auspices of DeWitt Clinton Royal Arch Chapter and Wm. H. Stevens Council No. 10, Royal and Select Masters.

The work in the chapter began at 2:30 p. m. Wednesday and went forward until 11 o'clock, being broken into only for a splendid dinner prepared by the ladies of the Eastern Star. Sixteen candidates were exalted to the Royal Arch degree.

Thursday afternoon at 3 o'clock the work in the council was started with a goodly number of candidates. This reunion method is the work of Grand Lecturer Carter and is meeting with much success throughout the state. Only especially talented teams are used in putting on the work and the lessons are most lucidly taught.

Grand High Priest, Louis Benoit, of Natchez, was present during the reunion and expressed himself as being greatly pleased with the rendition and results.

SUPERVISORS MAKE TRIP TO SEE TAX COMMISSION

Messrs. Kemp Mattingly, W. V. Horton, B. W. Smith and W. W. Whitaker, members of the Grenada county Board of Supervisors, went to Jackson the first of the week to confer with the state tax commission relative to accepting the assessment rolls of the county after assessments had been increased as ordered by the commission. They took the rolls with them. It seems that sometimes after raises have been made the commission demands further increases and it was with the view of avoiding this that the supervisors made the journey. J. H. James, president of the board, was unable to go but he was ably represented in the other four members, his co-workers.

GIRL SCOUTS TROOP 2

There was a meeting of Troop 2 Monday, Sept. 24. There were thirty-four girls present.

Several games were played and the girls marched to the beat of the drum. Then tenderfoot pins were awarded to the following: Margaret Best, Lucille Best, and Clausselle Holliman.

The scouts then performed the flag ceremony. The patrols were marked and Miss Gunn told of a very interesting contest, which was to be held next month between the four patrols.

The points to be considered are: Number present, number on time, attending church, wearing scout uniform, doing good turns daily, passing tests, and passing in school work.

The patrol, winning the contest, is to be the guest of the other patrols at an over-night hike to the G. S. Camp at Glenwild.

The girl scouts will have a booth at the fair, which will be decorated with the scout belongings. All scouts will be on duty at the fair.

The demerit system was discussed and plans for the new uniforms were also discussed. The scribe wishes to make a change in the report last week. The silver fox patrol has been changed to the chipmunk patrol. Grace Kirk, Scribe.
